# MSC Varsity Coaching Staff

*Marauder varsity coaches in ascending order are Head Coach Gene Carpenter, Assistants Bill Lauris, "Sandy" Guilfoyle, Jim Ketner, Jack Naugle, Rod Bimson, Mick Sload and Stan Kabacinski.*

Head Millersville coach **Dr. Gene Carpenter** and this highly-motivated staff of assistants work seven days a week, 15 or more hours a day during the football season to provide the Marauder players with the finest in coaching guidance. Each man is responsible for a particular segment of the team, but all work together to produce a varsity that puts out top-rank small college football.

Their assignments are:

**John "Sandy" Guilfoyle** - Offensive coordinator and coach of the backs.

**Jim Ketner** - Moved up from Jayvee staff to coach the varsity ends and receivers.

**Stan Kabacinski** - A new man who coaches the offensive line and assists with the Jayvees.

**Bill Lauris** - Defensive coordinator and line coach.

**Mick Sload** - Defensive secondary.

**Jack Naugle** - Defensive ends and line backers.

**Dr. Bill Kahler** - Frosh-Jayvee coordinator and assistant varsity backfield coach.

**Rod Bimson** - Head trainer who supervises a crew of six apprentice trainers.

The staff started in early August to develop plans for the 1978 season, amassing data on both their own players and those of the opponents. They lived with the Marauders in dorm rooms from Aug. 17 to Labor Day, during pre-season drills, and are to be seen in Bucks House, the football office, every evening and nearly all day Sundays perfecting the Marauder offense and defense for each upcoming game.

# The Scouting Report on Salisbury

Today's game is the first in a home-and-home series between the Marauders and the Sea Gulls, who come here with a 5-4 record on the season, following a 27-0 shutout by Towson last week.

Salisbury is a small community on Maryland's Eastern Shore, about 30 miles from Ocean City, Md. The college was founded in 1925 as a two-year teachers college, but has been a four-year institution for about 25 years. Its normal enrollment is 2,700 undergraduates, which is triple what it was eight years ago.

Coach Dick Yobst runs the Sea Gulls from a wing-T formation, with a running attack that has rolled up 1,628 yards in 9 games and a passing game that has clicked for 71 completions out of 168 attempts for 967 yards and 9 touchdowns.

Junior Rex Barbour is the resident quarterback with freshman Tony Bell as his backup. Barbour has a 44 percent pass completion average, with 32 completions in 117 tosses and 5 interceptions. The Gulls' leading rusher is senior Dave Kirchoff, who goes 6-1, 200 pounds and has carried 118 times for 562 yards - a 4.7 average.

Yobst stacks his defense in a 4-3 formation, choosing odd names for his average-size front line. His end is called "the Hawk", he has a "Strong Tackle" and a "Quick Tackle" plus a Nose Guard. His three linebackers are not big but rely on speed. Defense has been the Gulls' strong suit so far this year.

Coach Yobst is in his sixth year at Salisbury and began this season with a 34-19-1 record. He actually started the modern football program at the college and has fathered it to a strong position in the NCAA Division III, which Salisbury joined in 1976.

The Sea Gulls' record this year includes wins over James Madison (13-9), Frostburg (29-0), Randolph-Macon (15-0), Trenton (13-7) and Kean (42-0). Its losses include Glassboro (7-9), Georgetown, Ky (20-33), Lock Haven (28-30) and Towson (27-0).

# Graduate and Undergrad Coaching Certification Program Popular

Sixty-one undergraduate and graduate students are now enrolled in Millersville's Coaching Certification Program, now in its second year. Dr. Bill Kahler, program coordinator and new head tennis coach, says indications are that it will continue to grow as it fills a longtime need in this area.

Approved by the Pennsylvania Department of Education in 1977, the program requires 20 semester hours of course work. Seven courses are being offered, six for three hours and one for two, and the program does not require a baccalaureate or other college degree to enter or to complete. Six of the courses may be taken for graduate credit.

The program allows men and women to complete the necessary courses to qualify as secondary school coaches and is open to all people who may wish to prepare for coaching employment, part or full time. The certification program can be completed in approximately two years. Undergraduates are urged to apply before the end of their freshman year.

The goals of the coaching certification program are to provide learning opportunities which enable students to recognize and apply the principles, theories and techniques of coaching; to apply the principles of coaching and conditioning as related to the growth and development of youth; to acquire competencies and insight into preventative, rehabilitative and immediate medical techniques relative to the sport; and to acquire and utilize the knowledge of physiological and kinesiological structures and functions which form the basis for skill analysis and training methodology.

In addition, students will become familiar with individual and group dynamics in sports participation so that, as coaches, they can better provide a positive experience for participants and relate it to the total educational experience.

Courses which candidates for certification must complete, and the teachers, are: "Medical-Legal Aspects of Coaching" - taught by Rod Bimson, certified athletic trainer, M.Ed., and head Marauder trainer; "Psycho-Social Foundations of Sport" - taught by Larry Warshawsky, M.S. degree and track coach; "Theory and Techniques of Coaching" - taught by Dr. Kahler, assistant football and head tennis coach, or Dick DeHart, M.S. degree holder and head basketball coach for 22 years; "Coaching of Sports" - taught by Carl "Chick" Kane, former assistant football coach and current assistant swimming coach; and "Kinesiological Foundations of Coaching" and "Physiological Foundations of Coaching" - taught by John Apple, M.S. degree holder and for many years MSC head swimming coach.

**Dr. Bill Kahler**

In addition one psychology course is required: "Development of Child and Adolescent", taught by a professor in the Psychology Department.

Anyone interested in applying for the Coaching Certification Course may obtain an application form at the office in Pucillo Gymnasium or from Dr. Kahler who will be glad to answer any inquiries.

One two-hour course, "Coaching of Sports", is among the six required for certification. Sports which may be selected for this topics course include football, basketball, wrestling, baseball, cross country, swimming and diving, soccer, golf, tennis, track and field, field hockey, lacrosse, volleyball, archery, gymnastics, softball and rifle.

"This program opens up possibilities of part-time coaching for not only people presently in education but also for those whose main employment is in some other field," says Dr. Kahler. "Also, with the present job situation, the coaching certification for which this program is designed can provide a student with an additional skill to help secure employment.

But remember. Even the most talented seamstress must rely on the **QUALITY** of the materials she uses. Whether it's pajamas for the kids, a shirt for dad or a new ensemble for herself, it's the **durability** and appearance of the fabric that really counts.

At **CLOTH WORLD,** we make it our business to make certain that every inch of cloth we sell is the **RIGHT fabric for the job.**
Our multi-store buying power enables us to be a lot more 'finicky' than ordinary fabric shops. America's largest mills create fresh new patterns and colors to our own rigid specifications. And, because **CLOTH WORLD** buys in such vast quantities, these top-of-the-line fabrics **ALWAYS** cost less at CLOTH WORLD STORES.
At **CLOTH WORLD,** we want you to start with the best fabric -- at the best price -- for whatever sewing project you have in mind!

***it must be right . . . or we'll make it right!***

**Managers: Dave Garrett and Randy Hill**

America has driven it to the top.

In just two short years over a million people have bought and enjoyed The New Chevrolet Caprice and Impala. Pretty darn impressive.

Of course, one reason for the success of The New Chevrolet is that it's simply a very beautiful car. And we suggest the '79 version is even more beautiful.

But then we know it takes more than beauty to become the most popular car in America. It takes roominess. It takes some very impressive standard features. It takes a smooth, comfortable ride. And more.

The New Chevrolet for 1979. Pleasing to the eye. Pleasing in lots of other ways, too.

It's no wonder America's driven it to the top.

See your Chevrolet dealer.

You're invited to visit the Chevrolet "Locker Room" exhibit at the National Football Foundation's new College Football Hall of Fame at King's Island (25 miles north of Cincinnati). This unique museum lets you participate in the fascinating history of college football. Don't miss it.

# Eastern Title Could Be Decided Today

## *Pennsylvania Conference Update*

East Stroudsburg, riding the crest of a 7-game winning streak, can sew up the Eastern Division championship, which Millersville won last year, by defeating Bloomsburg today. The Stroud-Bloom battle will be fought out on Stroud's field.

Should Bloomsburg upset the Warriors, who are favored, the Eastern race would be thrown into a three-way tie among Stroud, Bloom and Cheyney. In that event, Cheyney would go to the State Game because the Wolves defeated Bloom earlier and have only one loss. But that's highly unlikely, as Stroud is healthy, and is agile, mobile and hostile, especially at home.

Millersville appears doomed to settle for fourth in the division, after a blistering 17-0 beating at Cheyney last week. This would be the lowest ranking in the division since the year after Gene Carpenter became head coach. Prospects for next year appear favorable, however, as only four starters will not be back.

In the Western Division, the picture is cloudy. Clarion's defending conference champs and Shippensburg are tied for tops with 4-1 records and both should win this week. However, there is a question about Shipp's eligibility due to a pre-season scrimmage game and 10 regular games.

This knot must be untied by the conference athletic directors if there is a tie, which appears likely. So the divisional winner may not be known for several days after today's contests. The State Game will be played at the home of the Western champ, which makes the decision even more critical.

Current standings are:
